# To Avoid Misunderstanding Please Read These Terms of Sale Before Bidding

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

## I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. This guarantee holds good indefinitely. And my guarantee means something to you. Remember that there are thirty years of proven successful numismatic experience and ample financial responsibility back of this guarantee.

## NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

**TERMS:** The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, **otherwise they will not be accepted**, as I cannot be expected to ship goods to parties whose good standing is not known to me.

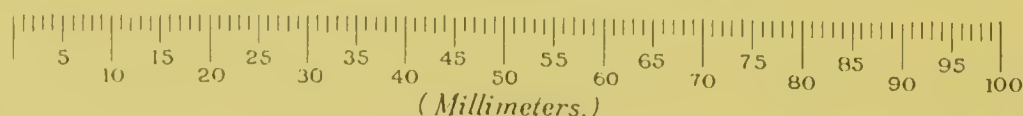

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only \$1, **CASH WITH ORDER**. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

**PLEASE SEND IN YOUR BIDS EARLY.** All bids must be in on or before Tuesday, December 9th, 1930.

If you have any coins that you want to sell either  
at auction or private sale, write me for terms.

**UNITED STATES QUARTER-EAGLES or \$2.50 GOLD PIECES.**

**One of the Finest Collections Offered in Many Years, Including**

**Some of the Greatest Rarities in Remarkably**

**Choice State of Preservation.**

- 93 1796 First year of issue. Variety without stars on obverse. Brilliant uncirculated, with proof surface, especially on reverse. A magnificent gem, and as such of great rarity and value. Probably as choice a specimen as exists.
- 95 1797 Same type as last but with thirteen stars. Die break on obverse at right of bust, as are all known specimens. Obverse, practically uncirculated, with semi-proof surface. Reverse, beautiful uncirculated, almost equal to a proof. Extremely rare in any condition but excessively so, so choice. One of the finest specimens known. Valued by former owner up to \$500.00.
- 96 1798 Perfect die. Beautiful uncirculated specimen, sharp and well struck; brilliant proof-like surface. The field on obverse shows the slightest evidence of cabinet friction. Another rarity in remarkably choice state of preservation.
- 97 1802 (None coined from 1799 to 1801 inclusive). Practically uncirculated, sharp, with almost full brilliant mint luster. A pin-point nick below chin. Not a rare date, but extremely rare in this remarkably choice state of preservation. Seldom found better than fine.
- 98 1804 The finest specimen of this coin I have ever seen. Sharp uncirculated, with full mint luster. The obverse has complete broad milled borders. Another scarce date but in extremely rare condition.

- 99 1805 Brilliant uncirculated gem. As perfect as the day it was coined. The obverse field shows the slightest file marks, apparently in the die. Cost \$75.00 a number of years ago and certainly worth it.
- 100 1806 over '04. About uncirculated, with brilliant mint luster. The center of reverse struck slightly weak, as usual. Perfect die variety, with every star filled. Truly a gem coin. (Cost \$125.00 several years ago, worth more today).
- 101 1806 over '04. The excessively rare variety with die break on obverse connecting edge and LI in LIBERTY; with faint die break connecting the top of LIBERTY. Also, point of 1 in date just touches curl. Extremely fine, with mint luster, very nearly uncirculated. Excessively rare and valuable. Should bring well into the three-figure mark.
- 102 1807 Perfect mint uncirculated specimen, practically as perfect as the day it dropped from the coining press, and as such, extremely rare. This date Quarter-Eagle is not rare in ordinary state of preservation, but in this remarkable condition I consider it as rare as almost any Quarter-Eagle. By far the finest I have ever seen.
- 103 1808 New type. Nearly uncirculated, with frosty mint surface. A very scarce date in very rare condition. Said to have cost \$75.00 and certainly worth a great deal more in this remarkable state of preservation.

### ORIGINAL COMPLETE SET of PANAMA-PACIFIC COINS.

#### With Official Certificates of Coinage Accompanying Each Coin.

- 644 1915 Complete set Panama-Pacific Gold and Silver Coins. \$50.00, round, \$50.00 octagonal, \$2.50; gold dollar and silver Half-Dollar. The set is mounted on a plush display board, under glass, with full description of each coin printed in gold, on purple card. Frame in antique bronze frame, with easel so that it can be placed on desk or hung on the wall. Size, over all, 8x10 inches. This was Mr. Lusk's original set. Mr. Lusk was Commissioner for Montana at the Exposition. This set is accompanied with five certificates, one for each coin, on the official Treasury Department stationery and reads as follows:

"This is to certify that the herewith enclosed is No. 31 of the first issue of one hundred round gold coins of the denomination of \$50 which were struck from the coining press in the United States Mint at San Francisco, California, in commemoration of the Panama-Pacific International Exposition, pursuant to the Act of Congress approved January 16, 1915."

(Signed) T. W. N. SHANAHAN,

Superintendent of the United States Mint,  
 San Francisco, California.

There is also a letter from Mr. Farran Zerbe, who was then chief of the Coin and Medal Department. This letter reads as follows:

"Dear Mr. Lusk:

I am sending you herewith the Superintendent of the Mint's evidence covering Panama-Pacific Commemorative set No. 31.

Coins were removed from the envelope for mounting in the display frame in which they were sent. This is

the lowest numbered set unreserved at the time your order was filed."

(Signed) FARRAN ZERBE,  
Chief, Coin and Medal Department.

Accompanying the set is also the original official announcement and description of the coins, etc. Mr. Lusk valued the set up to \$1,000.00. The coins are of course just as perfect as the day they were minted. The first and only complete set with all the certificates I have ever handled. In original box. Very rare and valuable.

- 645 Duplicate Panama-Pacific \$50.00 Gold, 1915. Octagonal. Apparently has been carried as a pocket piece, but the evidence of circulation is evenly distributed. The coin can be classed as fine to very fine, especially on reverse. A most acceptable specimen for the collector who does not care to pay about \$250.00 for an uncirculated coin. Rare and constantly advancing in value.

### **PRIVATE and TERRITORIAL GOLD COINS.**

**Including Unusual Specimens Both as to Condition and Rarity.**

#### **CALIFORNIA.**

- 646 \$2.50, 1848. Type of regular issue but with CAL stamped above eagle. This was done while the coin was in the die. Struck at the United States Mint at Philadelphia from the first gold received from California. Very fine, sharp, with traces of mint luster. Rare. Record over \$75.00.

#### **GOLD COINS MINTED by MOFFAT & CO.**

The firm of Moffat & Co. operated in California from 1849 to 1853. In 1850 the firm was appointed United States Assay Contractors.

- 647 \$20.00, 1853. Type of regular issue but with MOFFAT & CO. on diadem. Reverse, SAN FRANCISCO CALIFORNIA TWENTY D. Extremely fine, with some mint luster, every star filled and borders raised. Obverse shows slight nicks. Rare.
- 648 \$10.00, 1849. Liberty head with MOFFAT & CO. on diadem. Reverse, eagle, S. M. V. (Standard Mint Value) CALIFORNIA GOLD TEN D. Very fine. Very rare so choice, as this coin is seldom found better than good.
- 649 \$10.00, 1852. Obverse, similar to last but different type head. Reverse, eagle with shield and ribband, 880 THOUS. Around, 264 GRS. CALIFORNIA GOLD TEN D. Beautiful uncirculated specimen with proof-like surface. Very rare in any condition, but excessively so in this remarkable choice state. Record over \$300.00.

- 650 \$5.00, 1849. Same type as the Eagle of this year. Extremely fine, with considerable mint luster. Quite rare so choice.
- 651 \$5.00, 1850. So-called small eagle variety. Olive branch ends at period after S. Fine to very fine. Very scarce.
- 652 \$5.00, 1850. So-called large eagle variety. Of an entirely different reverse die than last; end of olive branch almost even with right standard of M. Brilliant uncirculated; the reverse almost equal to a proof. The finest specimen I have ever seen, and as such, extremely rare and valuable.

#### **The COINAGE of NORRIS, GRIEG & NORRIS.**

- 653 \$5.00, 1849. Small eagle with shield on breast, on which is figure 5, CALIFORNIA GOLD WITHOUT ALLOY. Reverse, date in center, N. G. & N. above, SAN FRANCISCO below; around, FULL WEIGHT OF HALF EAGLE. Finely milled edge. Beautiful brilliant uncirculated specimen. The finest I have ever seen. Cost \$100.00 some twenty years ago.
- 654 \$5.00, 1849. Same as last but with plain edge, and practically just as choice. Considerable proof surface on obverse. Very rare so choice. This and the preceding coin represent the finest pair of these coins that I know of.

#### **The TEN-DOLLAR GOLD COIN ISSUED by the MINERS BANK.**

The Miners Bank was conducted by Wright & Co. The \$10.00 gold piece is the only coin issued by this firm. The Company was dissolved in January, 1850.

- 655 \$10.00, (1849, coined in this year but not dated). Eagle with U. S. shield, CALIFORNIA above, thirteen stars in semi-circle below. Reverse, TEN D in center; MINERS BANK above, SAN FRANCISCO below. Heavy milled edge. Very fine. Very rare. Record up to \$250.00.

#### **The GOLD COINAGE of WASS MOLITOR & CO. Including the Excessively Rare Twenty-Dollar Coin.**

- 656 \$50.00, 1855. Small head of Liberty to left, date below, thirteen large stars. Reverse, 50 DOLLARS within wreath, above, 900 THOUS; legend, SAN FRANCISCO CALIFORNIA WASS MOLITOR & CO. Very fine; unusually sharp for this coin, but as usual, numerous small light nicks. But the coin is far above the average of this very rare and greatly-in-demand coin. Said to have cost \$500.00 a number of years ago.

**The EXCESSIVELY RARE WASS MOLITOR TWENTY-DOLLAR GOLD PIECE.**

- 657 **Twenty-Dollars**, 1855. Small head of Liberty to left, W. M. & CO. on diadem, date below, thirteen stars. Reverse, small eagle, scroll above, on which is inscribed 900 THOUS; legend, SAN FRANCISCO CALIFORNIA TWENTY DOL. Strictly very fine; can be classed as extremely fine for this coin. Unusually bold impression. Few light edge nicks but not affecting the appearance nor the value of this great rarity. As far as I am able to ascertain, this is the finest specimen that has come on the market. I doubt if more than a dozen specimens in all are known. While not as rare as the large head variety (which brought \$7,000.00), it is a far greater rarity than is generally known and should bring a corresponding price.
- 658 **\$10.00**, 1852. Large "homely" head of Liberty, W. M. on diadem; date uneven. Reverse usual type, eagle. Fine for coin. Rare.
- 659 **\$10.00**, 1855. Type similar to last but of a different die, and much more rare than the 1852. Very good obverse, with fine reverse; light scratch back of head. Rare.
- 660 **\$5.00**, 1852. Type as last, only the reverse reads FIVE DOLLARS IN CALIFORNIA GOLD. Good to very good. Very rare. Record over \$100.00.

**The GOLD COINAGE OF AUGUSTUS HUMBERT.**

United States Assayer, San Francisco.

The coins bearing the name of Augustus Humbert were all struck by Moffat & Co. and were issued by authority of United States Congress, Moffat & Co. having been selected to issue these coins under the supervision of a Government official. Under the authority and supervision of Augustus Humbert the first \$50.00 gold pieces were issued.

- 661 **\$50.00**, 1851. The first and rarest issue of the \$50.00 Slug. Eagle with shield and ribband, 887 THOUS above, 50 D. C. below, UNITED STATES OF AMERICA. Reverse, 50 incused or stamped in in center of fine engine-turned design. Edge lettered, AUGUSTUS HUMERT UNITED STATES ASSAYER OF GOLD CALIFORNIA 1851. Extremely fine, with traces of original mint luster. Rarest variety of the octagonal \$50.00 gold piece. Record for this type up to \$1,000.00. Cost \$350.00.

- 662 \$50.00, 1851. Second issue. Octagonal. Variety with 880 THOUS but with milled edge and the inscription around border. Extremely fine; only shade from uncirculated. The border on right not as bold as on left, but far above the average. Unusually sharp and free from nicks or dents. An unusually choice specimen for this coin. I recently sold an uncirculated specimen for \$750.00 and this one is not very far from it in condition. Seldom equalled. Extremely rare and valuable.
- 663 \$50.00, 1851. As last but with 887 THOUS. The average "Slug," date about good, but inscription on border very weakly struck. However, the other portions of coin is good and the coin is free from any serious nicks or dents. A good average specimen.
- 664 \$20.00, 1852. The excessively rare variety with 884 THOUS and inscription in four lines on reverse. Edge nicked on obverse, otherwise very fine. Very rare. A similar specimen in my sale of the Judge Slack Collection brought \$225.00.

Mr. Adams in his excellent work on the pioneer gold coins states that there is no record of a public sale of this coin, (1909). The only record I can find is that of the Gregory sale, fourteen years ago, where a similar specimen brought \$130.00. Certainly worth a great deal more today.

## PLEASE READ THIS IMPORTANT NOTICE

Bids for this Sale will be accepted **ONLY** on the **terms** as printed in this catalog. If you are bidding for the first time or if you are not acquainted with my Sale Terms, **PLEASE BE SURE TO READ THE TERMS BEFORE BIDDING.**

Nearly two thousand (2,000) catalogs of this Sale are being distributed. Therefore, in order to serve most satisfactorily so many clients, a uniform service or method of sale must be strictly adhered to.

The terms and methods of Sale used by me have been perfected after nearly thirty years of successful experience. And while I know that it is humanly impossible to at all times please everyone, but the fact that my Sales are so widely and extensively patronized throughout these many years, is more than sufficient evidence that these terms and methods of sale are approved by the collectors of the country and that they are fair, reasonable and consistent with good business.

So please bear in mind that positively no changes from the terms of sale as printed in this catalog will be made for anyone.

Every bid received is executed by me just as faithfully as if you had yourself been present at the sale. You can help me give you better service if you will please mail your bids now.

Very cordially,

A handwritten signature in dark ink, appearing to read "B. M. Mell", is positioned below the typed text. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Edmond de Goncourt*

*(Translated)*

My wish is that my Drawings, my Prints, my Curiosities, my Books—in a word, these things of art which have been the joy of my life—shall not be consigned to the cold tomb of a museum, and subjected to the stupid glance of the careless passer-by; but I require that they shall all be dispersed under the hammer of the Auctioneer, so that the pleasure which the acquiring of each one of them has given me shall be given again, in each case, to some inheritor of my own tastes.
